

United States Power Squadrons®

## **An introduction to using your GPS by Captain Len Lipton.**

- Where: Old Greenwich Yacht Club, Tod's Driftway, Greenwich Point Park
- When: Sunday April 22, 4 pm – 6 pm
- Fee: \$20 includes light refreshments
- RSVP: [GreenwichSquadron@gmail.com](mailto:GreenwichSquadron@gmail.com) or call Susan Ryan 203-998-1864

Captain Len Lipton will have an operating chart plotter for this class and will give an interactive introduction on GPS. Plenty of time for your questions.

Len is an experienced instructor and has taught sailing for many years at all levels, both in the classroom and on the water. His father Al was active in both the United States Power Squadrons and US Coast Guard Auxiliary, always emphasizing safety on the water and Len emphasizes this aspect of boating as well. He has raced boats ranging from dinghies to one-designs to handicap distance racers. Teaching experience ranges from teaching the United States Power Squadrons Sail course for many years, teaching weather, and a GPS course for Landfall Navigation. Currently his preference is cruising his 38' sailboat.
