

USS America Regatta Results September 10, 2022

By Jim Weil, Race Director

We hosted six Ideals, nine Lasers and four PHRF boats in this year's USS America Regatta on Saturday, September 10th. To honor the wishes of IHYC, which was running their Classic Yacht Regatta at the same time and general location, we delayed the start by one hour.

Unfortunately, the wind gods were not with us and none of the PHRF boats were able to finish their race in the 2.5 hour time allotment. Vixen tried valiantly, fighting to the end, but came up about five minutes shy.

In the one design fleet, Beth Eaton was able to get off three races for both the Ideals and Lasers.

Results for the Lasers

Andrew Scrivan who once again prevailed with three bullets followed by two of his proteges: Kurt Stuebe in second and Charlie Caporrino in third.

Results for the Ideal fleet

Lou Casolo and Kees van Meel recorded three firsts for a resounding victory followed by Cynny Smith and Anne Munkenbeck in second and Alan Chidsey and Renee Potter in third.
