

## YRA Sundays – PRO Toolkit and Essentials - 2023

Please find the tools and documents that will make the managing of your race day easier, more accurate, and complete.

### Review the SIs

Check and print the SIs, which can be found (insert hyperlink to document).

### Cancel the race day while ashore before 1300

If the weather is too severe for safe racing, cancel the race day before 1300, as per the SIs. VHF radio does not have the range to reach all the racers, but SMS text does. Each registrant has provided his/her cell numbers. To send them all a text:

1. Select this [EVENT LINK](#) at Regatta Network
2. Log in with cancel.yrasundays@gmail.com, pwd: eTRiONk5
3. Select “manage this event”
4. Select “SMS Text Console”
5. Select “All” recipients
6. Compose the message and send

### Check in the racers

Download and print the [list of registered racers](#). There are no sail numbers for the Ideals because they are club owned. When an Ideal checks-in, it will provide you with the skipper’s name. Record the sail number next to the skipper’s name.

#### Ideal 18

Skipper	Boat Name	Bow#/Sail#	Class
1. Barbara Bellafiore		RYC <b>6</b>	Ideal 18

Do not check in a second skipper for a boat. Second skippers should refer to the SIs for reporting scores. A racer must be registered in order to start a race and be scored.

### Select the course

Courses are typically windward/leeward, W3s or W4s, and between 20-30 minutes in duration

### Record the finishes

Please print and use the [Sunday YRA Score Sheet](#) form to record the finish order of the sail #'s.

### Turn in the score and check-in sheets

Take a picture of the sheets and email them to scorekeeper Andrea Stone at [yrasundays@gmail.com](mailto:yrasundays@gmail.com) before the end of the race day

### Race Committee Assignments:

June 11 - RYC	July 16 - BHC	August 13 – RYC
June 25 - OGYC (Solstice)	July 23 - OGYC	August 20 - IHYC
July 9 - OGYC	July 30 - RYC	August 27 - BHC
